

Alarm Technician

Family-owned and operated Schuler Security, based in Marmora, NJ, seeks a full-time **Alarm Technician**

Schuler Security provides peace of mind to residential and commercial customers in Cape May and Atlantic Counties; we install and monitor burglar, fire and low temp alarms, cameras, Wi-Fi, TV, phone, network wiring, smart thermostats and more to create an intelligent home.

We seek an experienced Alarm Installer/Technician with:

- Knowledge of installation, programming and ability to troubleshoot systems
- Experience with major brands/automated and addressable systems/access/controls/CCTV

Installations require running and pulling wires/cables, programming, following codes, regulations and standards. You must be able to:

- Verify all system functions by testing all equipment, connections and signals
- Identify and correct any issues that arise
- Document all aspects of installation for future maintenance

This is a full time position that offers competitive pay, great benefits, and opportunity for growth.

The **Alarm Technician** will be expected to:

- Own and proficiently use hand tools/volt ohm meter
- Be available for inclusion in our on-call service rotation (additional compensation)
- Have sound oral and written communication skills; problem solving and troubleshooting ability
- Have good customer service and communication skills in order to answer questions and resolve customer concerns
- Computer competency a plus

Applying candidates must have a clean driving record and be able to work in various types of environments (confined spaces, various heights, construction sites, etc.).

Job Type: Full-time, Monday through Friday 8-4:30

Need to hire ASAP. Serious inquiries only. Call (609) 390-1003

Apply in person: Schuler Security 133 South Shore Rd. Marmora NJ
