

Spring Cleaning?

Check the batteries in all home security equipment. Many smoke detectors and other home security and safety devices rely on batteries for backup.

- Make sure the batteries in your smoke detectors are working properly.
- Check the batteries in your carbon monoxide detector.
- Check the batteries in any water sensors.
- Check backup batteries in all hardwired security equipment.
- If you don't have at least one smoke detector on each floor and near all bedrooms throughout your home, install more smoke detectors.
- Call **Schuler Security** to install additional door or window sensors or upgrade your system for summer.

Spring is a good time to ensure your alarm system is working correctly to protect your family, pets, possessions and home. Yearly testing and checkup is recommended to keep your alarm system functioning properly. Enjoy peace of mind and significant savings on an **April Checkup** of your **residential** Security Alarm System.

Take advantage of our ***\$99 April Checkup** (a *\$149.00 value; **residential** customers get \$50 off the standard price). Call (609) 390-1003 to schedule your checkup.

Call now - this special offer expires on April 30th, 2018.

This service includes a checkup of your system and testing of Central Station Monitoring.

Schuler Security provides connectivity & convenience too:

We mount flat screen TVs, install SONOS & Surround Sound systems, do home networking, phone cabling and create Wi-Fi hotspots, install speakers, cameras, alarms and more – home entertainment is easy when you call **Schuler Security**.

Thank You, Your Alarm Specialists at **Schuler Security**

P.S. For our valued seasonal customers, please ask us about low temperature alerts, remote access and camera systems.
